

# WAGATE® GATE VALVE

## SVM-TG 110

|                               |                                 |
|-------------------------------|---------------------------------|
| Model Name                    | SVM-TG110                       |
| Nominal Diameter              | NPS/OD 4                        |
| Gasket                        | EPDM                            |
| Operating Temperature         | -25° C - +40° C                 |
| Pipe Type                     | SDR17                           |
| Reinforcement                 | AISI 316L                       |
| Spindle                       | 316Ti                           |
| Spindle Nut                   | CuSn12                          |
| Valve body                    | PE                              |
| Watertightness                | DIN 19569-4 table no. 1 class 5 |
| Closing torque [ft-lb]        | 27.2                            |
| Opening torque [ft-lb]        | 27.2                            |
| Pressure [ftH <sub>2</sub> O] | 196.9                           |
| Revs open [-]                 | 31.0                            |
| Thread pitch [in]             | 0.2                             |
| Weight [lb]                   | 22.0                            |

## Product Variants

|         |           |
|---------|-----------|
| Art. No | V70076110 |
| Knife   | AISI 316L |
