

# WAGATE® GATE VALVE

## RVM-TG 500

|                              |                                 |
|------------------------------|---------------------------------|
| Model Name                   | RVM-TG500                       |
| Nominal Diameter             | DN/OD 500                       |
| Gasket                       | EPDM                            |
| Pipe Type                    | SDR26                           |
| Reinforcement                | EN 1.4404                       |
| Spindle                      | EN 1.4571                       |
| Spindle Nut                  | CuSn12                          |
| Valve body                   | PE                              |
| Watertightness               | DIN 19569-4 table no. 1 class 5 |
| Closing torque [Nm]          | 20                              |
| Opening torque [Nm]          | 43                              |
| Pressure [mH <sub>2</sub> O] | 20                              |
| Revs open [-]                | 125                             |
| Thread pitch [mm]            | 4                               |
| Weight [kg]                  | 99                              |

### Product Variants

|         |           |
|---------|-----------|
| Art. No | V71076500 |
| Knife   | EN 1.4404 |
